Hereditary Heart Diseases Course

April 16th-17th 2021

Course directors: Ruxandra Jurcuț, Carmen Ginghină, Bogdan A. Popescu

Friday, April 16th (LIVE)

11.30-13.00 Genetic testing in cardiovascular diseases

Chairpersons: Ruxandra Jurcuț, Juan KASKI

11.30-11.50 Why to do genetic testing in cardiology? - Ruxandra JURCUȚ, Romania

11.50-12.10 Next Generation Sequencing in cardiology – Viorica RĂDOI, Romania

12.10-12.30 Genetic counselling in cardiomyopathies – Jodie INGLES, Australia

12.30-12.50 Implications of genetic testing in children – Juan KASKI, UK

12.50-13.00 Discussions

13.00-13.30 – Break

13.30-15.00 New therapies in genetic cardiomyopathies

Chairpersons : Iacoppo Olivotto, Ioan Mircea Coman

13.30-13.50 Hypertrophic cardiomyopathy – Iacoppo OLIVOTTO, Italy

13.50-14.10 Dilated cardiomyopathy – Perry ELLIOTT, UK

14.10-14.30 Cardiac amyloidosis – Pablo Garcia PAVIA, Spain

14.30-14.50 Fabry cardiomyopathy – Ales Linhart, Czech Republic

14.50-15.00 Discussions

15.00-15.15 – Break

15.15-16.45 Arrhythmogenic cardiomyopathy – new concepts

Chairpersons : Kristina Haugaa, Dragoș Cozma

15.15-15.35 The 2020 Padua Criteria – Dragoș Cozma, Romania

15.35-15.55 Myocarditis in ARVC – Phillippe Charron, France

15.55-16.15 Arrhythmogenic cardiomyopathy and exercise – Kristina Haugaa, Norvegia

16.15-16.35 Genotype-phenotype correlations on the fine borderline AC-DCM – Monica Chivulescu, Norvegia

16.35-16.45 Discussions

16.45-17.00 – Break

Hereditary Heart Diseases

5th Edition

16th - 17th
APRIL 2021

boli-ereditare2021.mediamed.ro

17.00-18.30 Cardiac imaging of the hypertrophic heart

Chairpersons : Bogdan A.Popescu, Carmen Ginghină

17.00-17.20 MRI – what is new? – Marianna Fontana, UK

17.20-17.40 Echocardiography – what is special? – Monica Roșca, Romania

17.40-18.00 Nuclear medicine – what for? – Olivier Lairez, France

18.00-18.20 MMI – always necessary? – Bogdan A.Popescu, Romania

18.20-18.30 Discussions

Saturday, April 17th (LIVE)

09.00-10.00 Channelopathies – case based symposium

Chairpersons : Lia Crotti, Radu Ciudin

09.00-09.25 Case presentation – Radu Vătășescu, Romania

- Brugada syndrome - Connie BREZZINA, Netherlands

09.25-09.50 Case presentation – Sergiu Sipos, Romania

- Long QT syndrome – Lia CROTTI, Peter SCHWARTZ, Italy

09.50-10.00 Discussions

10.00-10.15 – Break

10.15 – 12.00 Athlete's heart

Chairpersons : Michael Papadakis, Anca Ionescu

10.15-10.35 Basics of sports cardiology - Michael Papadakis, UK

10.35-10.55 Genetic testing in the athletes – from indications to diagnostic yield - Giuseppe Limongelli, Italy

10.55-11.15 Borderline phenotypes in athletes - Antonello d'Andrea, Italy

11.15-11.35 Exercise in genetic cardiomyopathies (ARVC, LMNA, HCM) - Nicoleta Măjină, Romania

11.35-11.45 Discussions

11.45-12.00 – Break

12.00-13.30 How to setup a Cardiogenetic Center

Chairpersons: Ruxandra Jurcuț, Maria Puiu

12.00-12.15 Clinical setup - Inpatients or outpatients ? – Ruxandra Jurcuț

12.15-12.30 Cardio-genetic collaboration – Adela Chiriță Emandi, Romania

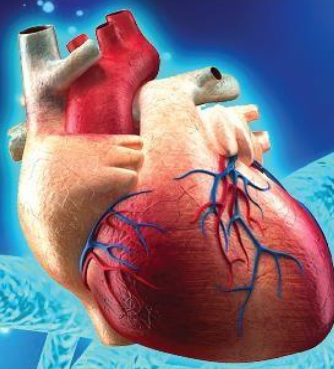

12.30-12.45 The role of the genetic counsellor – Ramona Moldovan, Romania

12.45-13.00 Registries – Carmen Ginghină, Romania

13.00-13.15 Patients associations – Dorica Dan, Romania

13.15-14.00 Discussions

Hereditary Heart Diseases

5th Edition

16th - 17th
APRIL 2021

boli-ereditare2021.mediamed.ro

Commented case session (prerecorded)

- Bogdana Fetecău – Alcohol Septal Ablation in HCM
 - Comment – Dan Deleanu
- Ana Maria Rădulescu – Pregnancy decisions in HCM
 - Comment – Ilinca Gussi
- Bogdana Fetecău – From hypertrophied heart to family management
 - Comment – Sebastian Militaru
- Sebastian Militaru – Familial dilated cardiomyopathy – watch for the CK
 - Comment – Carmen Ginghină
- Adrian Giucă – Supraventricular arrhythmias and dilated cardiomyopathy – beyond heart failure
 - Comment - Ruxandra Jurcuț
- Toma Stoicescu – Rare genetic cause in dilated cardiomyopathy
 - Comment – Sebastian Onciul
- Oana Popa – Arrhythmogenic cardiomyopathy with high family penetrance
 - Comment – Alina Scridon
- Nicoleta Măjină – What lies behind an athlete’s heart?
 - Comment – Carmen Beladan
- Cristian Stătescu – Brugada syndrome : from the obvious to the complex
 - Comment – Mihaela Grecu
- Svetlana Stoica – To be or not to be -life with familial hypercholesterolemia
 - Comment - Dan Gaiță
